Lesson 18 Strengthening the Disciples

Acts 18 and 19

After preaching the news of the death and resurrection of Jesus in the major cities of Macedonia and in Athens, Paul moved on to Corinth, then Ephesus. He encountered opposition and made disciples for Jesus Christ everywhere he went. He set sail from Ephesus in Asia Minor to return to his sending church at Antioch, thus completing the second missionary journey. (See first map on page 3.)

Once more Paul set out from Antioch to revisit the young churches on a third mission trip intended to strengthen the disciples (Acts 18:23). (See the second map on page 3.) We will see him filling gaps in their understanding, eliminating sources of evil strongholds, encouraging and strengthening the disciples, and selecting apprentice missionaries to accompany him for on-the-job training.

- b. Who taught him more? How did they do it?
