

Thank you for your interest in joining the Oak Hills Worship Arts Ministry! We are a team of servant leaders called to connect others with the fullness of God through music and service. Before we are musicians, we are worshipers. All team members are expected to model this both on AND off the platform. Off the platform, we model worship with our submitted, Christ-centered lives reflected in our speech, attitudes and actions. On the platform, we are visibly and joyfully engaged in bringing an excellent musical offering to our King. This is best accomplished by learning the music to reduce our dependence on visual musical guidance (charts) and understanding how to operate within the team framework of a contemporary worship band.

As a bassist at Oak Hills, it is our goal to match the tone and playing style as heard on the posted mp3s. When appropriate, we can embellish and ad-lib with the same tones and style as heard in modern, contemporary worship (Bethel, Elevation, Passion, Vertical Church, Hillsong, etc.). **The easier this is for you, the more confident and comfortable you will be in our worship environment.**

When submitting your application, please include a video of yourself playing the following:

Unstoppable God (Elevation) in B. SONG // CHART
