

Thank you for your interest in joining the Oak Hills Worship Arts Ministry! We are a team of servant leaders called to connect others with the fullness of God through music and service. Before we are musicians, we are worshipers. All team members are expected to model this both on AND off the platform. Off the platform, we model worship with our submitted, Christ-centered lives reflected in our speech, attitudes and actions. On the platform, we are visibly and joyfully engaged in bringing an excellent musical offering to our King.

While orchestral instrumentation is not something we incorporate in weekend worship on a regular basis, holidays and other special events provide great opportunity to serve in this capacity. We also are looking for ways to include orchestral instruments more regularly through the use of ad-lib and improvisation without a musical score. Thus, we have two songs we'd like for you to be prepared with at your evaluation.

**Along with your application, please submit a video of yourself playing the following:**

**Sheet music: Even So Come (Passion) [SONG](#) // [SCORE](#)**

**Improvisation: O Come to the Altar [SONG](#)**

See you soon!

Your OHC Worship Team
