#### MISSION PARTNERS

OHC teams partner with Casas Por Cristo who has been building homes along the U.S./ Mexico border since 1993 with over 6,000 homes provided for families. We build homes for families that need to be reminded that Jesus loves them. We build relationships between volunteers, families, and pastors that would otherwise never have met. We strive to build the Kingdom of God by partnering with other local churches and ministries. We strive to build opportunities for growth and discipleship by creating structured safe experiences that cause our volunteers to be stretched beyond their comfort zone. A typical family in Acuna earns \$60.00 a week, oftentimes being employed by a local factory or maquila. With an average size of four, this income is barely enough to survive and provide for basic needs. Thank-you in advance for being the hands and feet of Christ in providing this home.
